**Workshops in March on  
drug testing and screening**

FRONTLINE Diagnostics will hold a series of workshops in March 2008 to educate Australian employers about the prevalence and impact of drugs at work and how to develop policies to ensure a drug-safe workplace.

The Drug-Safe workshops, designed for business owners and managers and Occupational Health & Safety managers, will be held in Sydney, Canberra, Wollongong, Newcastle, Brisbane and Melbourne from March 2008.
